Live at the lake! Gorgeous log cabin, completely gutted and modernized. The house has three floors, each with it's own bedroom and full bathroom. The main living floor has all brand new hard wood floors. The tidy, open kitchen has all new appliances, a deep, double sink, new antiqued cabinets and new countertops. The living room, adjoining the dining area, boasts a floor-to-ceiling stone fireplace and a full wall of windows that include a sliding glass door onto the spacious deck. The deck overlooks a manicured lawn surrounded by woods a short distance to a secluded cove on Clark's Hill Lake. The main floor also has a private room, large enough to be a comfortable bedroom with a closet and a full bathroom. The carpeted upstairs is a loft bedroom with it's own full, double-sink bathroom, large sitting area, and two closets. Sliding glass doors open onto a second, smaller deck in the main bedroom area. A full finished basement has a large, bright family room connected by French doors ...
