WOW, you are truly blessed. This beautiful 4 bedroom, 2 bath, 3 car garage, 2134 square foot home looks better than the models close by. Have your agent do the comps, he will find this one has been priced under market value but yet gives you everything, and then some. Kitchen is complete with updated cabinets, & granite counter tops. Mahogany tile that looks like wood compliments the home, some fairly new appliances, and a large kitchen island. On top of all this you get a walk in pantry, walk in closet, soaking tub w/separate shower. When you are done enjoying all the interior has to offer, head out back to the large covered hot tub and covered patio with plenty of room for the kids and pets. You are walking distance to elementary and high school, and Mesquite Grove Aquatic park.
