New and newer---windows, roof, 3 HVAC systems, tankless hot water heater, sump pump, patio and deck. This stunning home is as lovely inside as it is out. The interior has been tastefully updated from the kitchen with granite countertops and plenty of recessed lighting to the spacious family room with 9 ft. ceilings, an oversized fireplace, built-in bookcases and a wine bar. The new master suite features a vaulted ceiling, gas fireplace and french doors opening to the balcony which overlooks the beautifully landscaped back yard. This home has a finished basement with plenty of unfinished storage area. The 3 zoned HVAC and the tankless hot water heater are fairly new along with the roof and most of the windows. Plantation shutters are throughout. The beautifully landscaped back yard is fenced and features a patio with a fire pit plus a storage shed.
