I am the west coast USA representative for this project. If you are interested, please contact me and I will connect you with the sales office in Sayulita.

The modular Casa Bambu, 7460 sq. ft., consists of three separate bedrooms each with a full bath and private viewing decks.

The main living and dining areas open directly onto a generous outdoor terrace with gourmet grill, infinity pool and Jacuzzi overlooking the spectacular Pacific Ocean.

The bedrooms are designed as independent, stand-alone units ingeniously dispersed throughout the property's tropical woodlands, each nestled into the sloped topography accessible by stoned walkways.

The low carbon footprint of this home is an invitation to be secretly relished.
