Slide 2008555

Beautifully remodeled home in excellent North Phoenix location. The gourmet kitchen has been opened up and redone to include granite counter tops, beautiful tile backsplash & huge center island w/ bar seating - perfect for family and entertaining. Split floor plan offers a private master suite and two additional bedrooms with brand new carpet. The backyard oasis is designed to enjoy Arizona all year round, and boasts a built-in barbecue, huge covered patio, pergola, green grassy areas, tree house & swing and built in seating around a cozy fire pit. Additional features include wood floors, fireplace, surround sound, plenty of recessed lighting and over-sized laundry room. Close to schools, dining, entertainment, and sports complexes with easy access to freeways.
