This home is in "pre-foreclosure". The owner is in default. As this is the period prior to the home lapsing into official foreclosure, the owner and lender are both interested in avoiding that costly scenario. Buyers are often able to find great deals here. This is a 1,667 square foot home with 3 bedrooms and 2 baths. We believe the home to worth approximately \$106,000. Register now for full access to more information on this home including owner name, street address, lien information, and nearby 'comparables'. Information listed is derived from sources deemed accurate, but we do not guarantee this accuracy.
