Located just minutes from local shopping and schools, Alpine Drive is conveniently situated in one of Armonk's back roads. As you drive up the quiet street of Alpine Drive you are enchanted with the mix of new and old homes that are surrounded by an abundance of natural trees and a visually appealing landscape.

As you pull in the circular driveway you are first drawn to the beautiful grounds that surround you on the full level acre of land. You will notice the use of quality materials from the stone walkways to the updated wood siding and field stone facade, as well as the updated windows and roof.

Inside you have all the space you desire. You walk into a two story entry that has a connecting breezeway the leads to double glass doors to the rear wrap around deck. The formal living room is perfect for entertaining guests in a quiet somewhat separated room. As you enter the massive kitchen, you notice the expansive use of granite and the well appointed appliances...
