This beautiful acreage could be your new paradise that sits high and dry just North of The Woodlands. Located in Texas Grand Ranch with the Sam Houston National Forest on one side and a State Park on the other and still just minutes from shopping, entertainment, and restaurants. Low taxes and no MUD tax make this property almost too good to be true. Despite the close proximity to The Woodlands, New Waverly, and Conroe this tucked away gem still offers 85 miles of hiking, biking, and horseback riding trails. The TGR community center has covered pavilions, a playground, and pond. Bring your own builder and start living the good life today.
