This is an immaculate and impressive home built in 2021, nestled on a quiet cul-de-sac lot with plenty of space to maneuver and park an RV when getting ready for weekends in the mountains. Highlights include a fully fenced backyard, designer grade custom shades throughout, tankless water heater which is a huge plus for hot water on demand, and stainless steel appliances with beautiful quartz countertops. Main floor features an open concept between the kitchen and living room, and a den/office with huge closet that could also serve as a bedroom. Be amazed at the room you will find upstairs which includes the oversized primary suite and bath, 3 secondary bedrooms, secondary bath and the convenience of the laundry room upstairs as well. Wow! You won't find homes in this newer development with it already fenced but you will find it here where you can enjoy privacy, shade in the evening, and quiet with no one behind you. Schedule a visit and picture yourself home.
