Your new home awaits! This 3-bedroom, 2 ½ bath brick home sits on a beautiful, landscaped lot with paved driveway and mature trees in the established neighborhood of Forest Acres. The original garage was converted into a large heated and cooled 20x20 space which could be a lovely family room, large home office, play room, homeschool classroom, or man cave! There are ample closets in the house for storage, and an attic with pull-down stairs. The galley kitchen with wall oven opens to the den with large brick fireplace and hearth. The two full baths have tile floors. There are engineered hardwood floors in the kitchen, laundry/mudroom, hallway, and half bath, with carpet throughout the rest of the house. There is also a large formal living and dining room combination. Sit on the brick raised patio and enjoy the peace and quiet of the fenced-in backyard with wired outbuilding. The house was occupied by the same family since it was built in 1969 and has been lovingly maintained...
