Amazing home in Johnson Ranch! Enter this home as you pass by the inviting porch, Kitchen has been entirely remodeled with a farmhouse vibe-complete with new cabinets, wood accent wall, butcher block island with oversized black matte open pendants over it, and white quartz counters on the perimeter, extended, dropped desk area as well with additional storage. Three glass windows in kitchen emphasize rustic airiness with wood stove hood to complement. There's also a wine fridge that hides in the giant island under the butcher block top for all the chef's homemade bread-making as well as seating to keep the cook company! Vinyl (waterproof) plank flooring and 4 inch baseboards, stainless steel appliances, and huge pantry! Also downstairs has your great room with wonderfully vaulted ceilings, formal dining with a unique wood accent wall, formal living with lots of natural light, a den with double doors and a half bath that may be the coolest you've ever seen! A tiled backsplash...

- Quartz Counters
- Stainless Steel Appliances
