You must see it to believe it! This rare split level home in the heart of West Park is much bigger than it appears from the outside. From the front porch you step into the front foyer entry and are welcomed by a completely updated interior. Hardwood floors lead to living room and dining room. Kitchen features loads of storage in oak cabinets, plenty of granite counter top space, dishwasher, stove, microwave. Enjoy the hearthstone fireplace in winter and keep cool with central air in summer. A few steps lead down to the cozy family room and there are convenient full baths on both lower and upper levels. 2+ car garage, extra storage, fenced yard.
