Amazing opportunity to own over 1 acre in Red Oak. Many recent updates make this a move in ready home. One update was an enclosure of the original garage to create a new primary bedroom, so this home has 2 master suites. There is also an oversized enclosed sunroom that is open to the house. The Sellers built a detached garage that has room for 2 cars, 1 can be a large truck or van and another car. Included in the garage is another space that can be used for an office or mancave and additional storage. The garage attic has spray foam insulation, a portable air unit in the attic and a lift for the attic. Other updates include, flooring, kitchen finish out, windows, driveway, electric gate and more. Home is being sold as is. Get to the highway from this home in about 5 minutes, but enjoy living in a more country setting with lots of elbow room.
