This exceptional property offers a unique blend of luxury, functionality, and space, making it a truly rare find! Situated on 1.25 acres, this fully remodeled home boasts a variety of structures, including covered stalls for animals or cars, a fully electrified 6+ car garage with running water, and a beautifully remodeled 2,000+ square ft. manufactured home. Step inside to discover a home that has undergone a remarkable transformation. Following previous fire damage, every single aspect of the interior has been replaced and upgraded. This includes every electrical wire, the electrical panel, plumbing, windows, insulation, walls, doors, hardware, fixtures, appliances, heat pump (air conditioning), water heater, lighting, etc. The interior has been meticulously redesigned to include wide open common areas and an attention-capturing exposed wood beam in the soaring ceiling, creating a living space that is truly unique and not your typical manufactured home.
