Location, location, location. This Stetson Hills home has an amazing location, close to all that the Powers Corridor has to offer, but not too close. There are 3 bedrooms located on the upper level with 2 full bathrooms. Take a nice soak in the primary bathroom and enjoy the huge walk in closet. The main level boasts hardwood flooring in the large living area as well as the dining area. The kitchen has solid surface counters, an easy to clean glass top range and plenty of cabinets. With easy access from the dining room to the VIEW of Pikes Peak on the huge synthetic deck it's likely the outdoor space will become your new living space. Also on the main level you can find a powder/guest bathroom and the main level laundry area. The 3 car garage has plenty of room for your cars AND your toys! Downstairs in the large walkout basement you will find an additional living space and 1/2 bathroom. Walk out the patio door and find a HUGE stamped concrete patio with an outdoor televisi...
