The enclosed front porch will greet you as you step inside. The living room is large, spacious enough to accommodate a wrap around couch and the dark wide plank flooring throughout the main level is a great compliment to the improvements made in this home. In the kitchen you will appreciate the updated cabinets plus the appliances are included: stove, refrigerator, dishwasher. No going to the basement for laundry as it is conveniently located on the main level of the home! Two bedrooms and a full bathroom finish off the 1st floor. The dry basement is a great place for storage and home to a newer furnace and water heater, A/C is newer as well. Privacy fenced back yard and a large deck are great for the dogs and/or kids. The nice 3 car garage offers plenty of parking/storage space. Vinyl siding, vinyl windows, updated flooring & kitchen, newer mechanicals and a 3 car garage is almost too good to be true!
