This unit occupies one of the nicest locations in the complex, with great views of the ski area. However a building will block a portion of the view when phase 4 is built. Beautiful interior finishes throughout, with slate, travertine and hardwood floors, alder cabinets, stainless appliances, upgraded plumbing and electrical fixtures, copper sinks, granite countertops, custom travertine showers, oversized 2 car garage, central vacuum and BBQ deck with a great view of the ski area. This unit has a geothermal heating and cooling system for constant comfort in winter or summer. This development is for the savvy investor looking for high quality, with a low monthly carry. The HOA dues are only 300/mo. and offer upscale living. Majestic Valley Townhomes is one of only a few complexes near the mountain to offer that perfect combination. Photos of interior are of a similar unit with similar finishes.
