Built with extraordinary quality and style in 2004, this home has been further refined by the current owners with exceptional taste and beauty. Its well-designed floor plan features an elevator serving three of the four levels. There are three bedrooms and two baths on the upper level (this count includes a glorious master bedroom suite with fireplace and terrace). There is a fourth bedroom and third bathroom (a suite) on the first level, ideal for au pair, in-law or home office. The elegant ceiling height in the living room, the darkened hardwood floors, and the multiple terraces and French doors, create a European ambiance in the heart of Montclair. Entertain with pride, or retreat to the beauty of the surrounding oaks, in this spacious, gracious environment.
