Crafted with skill and care by the Owner/Architect this home was originally a ranch bungalow. In 1994 the owner redesigned the home using the original shell. Built to be eco-friendly and energy efficient the home has SIPS wall panels, energy efficient appliances and triple pane windows with built in blinds. The kitchen boasts European cabinets, Granite counter tops, pull out pantry, gas cook top and an electric oven. Hi-end appliances are also included. The living room has vaulted ceilings, a gas fireplace and a âSecretâ built-in TV/Storage area. The upstairs is the master retreat with a roof top deck, master bath with limestone tile and a walk-in closet. The basement is fully finished with a functional wash room that includes a sink. The landscaping has some xeriscaping, sprinklers in front and back and a 2-car detached garage. The Elm tree in the back yard is the 5th largest Siberian Elm in Colorado.
