This custom beauty is for the most discerning buyer. Beautifully maintained - the home shows like a model. Gorgeous hardwood flooring welcomes you into the two story foyer and continues through the main living areas of the first floor which features an open floor plan. The fireside keeping room features a vaulted ceiling with stone fireplace surrounded by built ins. The two story family room is large and features a second fireplace. Be prepared to enjoy entertaining in the spacious kitchen complete with breakfast bar and separate breakfast area. The kitchen is nicely appointed with stainless appliances, granite counters, and pantry. The custom upgraded millwork throughout this home is of the quality you would see in higher priced homes. The open staircase features iron spindles and leads to three large bedrooms and two bathrooms. Two of the bedrooms have vaulted ceilings and all have spacious closets. One is oversized and could be used as a bonus or media room. Enjoy ente...
