1959 Alexander with fantastic south and west mountain views! With soaring exposed-pine vaulted ceilings, porcelain tile floors throughout, and strategic additions, this upgraded Alexander invites you to move in and make it your own! Convenient to downtown, casinos, bike routes, shopping and I-10, yet private and secure. With a single owner for 25 years, this home has been remodeled and expanded into a welcoming living space. The large master suite is created by combining two of the original 3 bedrooms...but could easily be separated to create a part-time or permanent guestroom. The added walk-in closet/ dressing and laundry rooms compliment the original classic Alexander style. A Four Seasons sunroom doubles as a dining area and opens onto a spacious patio, which is plumbed for a gas grill. Original carport was converted to a generous two-car garage...
