Extreme Luxurious lifestyle...this is Not your typical Mandarin Oriental condominium! The seller spent over \$750,000 upgrading this rarely lived in luxury residence. Breathtaking views of the Las Vegas Strip. Every drop of space has been designed to reflect a serene atmosphere while bringing exterior excitement from the Las Vegas Strip right into this luxury condo. A beautiful functional kitchen featuring a collaboration of award winning features such as Sub-Zero, Meile, and Gaggenau; kitchen details that will excite even the most moderate of cooks to the most extreme chefs! DETAIL was masterminded to create an 'easy home automation system' (fun and simple to use). Every detail you could imagine from water automatically dispensing when you wash your hands and then dries your hands hygenically in seconds; to music playing when you enter the home... to a 7-channel surround sound system in the living room, as well as automated bidets in each bathroom and a master close...

- INFINITY EDGE MASTER BATHROOM
- BREATHTAKING NORTH STRIP VIEWS
