This move-in ready home sits on an interior street in the highly sought-after Villages of Eastridge. Not only is the home situated on an over-sized lot, with RV gate, grass and fenced pool, but you will also enjoy a shaded backyard during those warm summer months. And don't worry-no neighbors behind you either, because the home also backs to one of the many neighborhood parks. Once inside this beautiful home, you will love the neutral wood-look and 20x20 tile throughout the bottom floor. The large kitchen is open to the spacious family room. There is also a formal living and dining room as well as an extra room/office downstairs. Granite countertops, backsplash, double ovens, pantry space and kitchen island make this kitchen perfect for all of your friendly gatherings.
