The seller has heard the feedback! GRANITE COUNTERTOPS have been installed in the kitchen. This single charmer will have you making plans to call it your home! You will notice the care in the detail as you pull up to the home and find the manicured lawn & oversized driveway. As it welcomes you at the front door you will have lots of space to roam! On the main level you will find laminate hardwood flooring through out, a kitchen with lots of counter space to prep those meals and oak cabinetry that abounds. An eat in area off the kitchen and a lovely area to relax the day away and enjoy. Completing the main level you will find 3 nice sized bedrooms & ample closet space. As you make your way to the lower level you will be pleasantly surprised to find a bedroom and a family room that has a wood burning stove for those chilly nights & an all-season room (with new sliding doors) to lengthen those summer nights.
