Welcome home! HGTV featured designer Sarah Hubbell crafted a mid-century modern haven in the heart of CenPho. Renovated to include an open floor plan with sprawling kitchen, a massive island, quartz countertops, custom shaker style cabinets, farmhouse sink, reclaimed wood shelving, new stainless appliances, cement tile backsplash, newly constructed pantry, and so much more. Designer features throughout including a coveted Malm fireplace, exposed beams, and custom drop zone. Spread out in one of two distinct living spaces, a spacious indoor laundry room, master bedroom with walk in closet and dual master sinks, or the backyard oasis complete with a lush wall of citrus trees. This stunning ranch style home has only had two owners since 1950 which tells you, you will never want to leave it!
