341 Walnut Dr. provides an amazing opportunity to own property on Lake Hartwell without the hassle of HOA or maintenance fees. It would make a great secondary vacation property where you can enjoy the water views from your large and spacious outside deck, enjoying kayaking, or boating from you own personal covered dock, or taking in the fresh air fishing from the boat or dock. It could also produce great income. Its proximity to Death Valley near Clemson university make it a great weekend choice for football season, and the lake provides great income opportunity during the spring and summer. This makes it a great addition to any investors portfolio. The home has been recently updated making it a great choice for someone to make this their own primary lake residence. This home is under an hour to Greenville and Anderson, very close to Clemson, and only approximately 2 hours to Atlanta. Be sure to schedule your personal showing today by contacting William Ray of the Gatherin...
