You are going to love this awesome two story transitional with double stacked porch. The kitchen is nicely appointed with granite counter tops and lots of cabinets, and generous pantry for storage. It is open to the large family room with warm gas log fireplace and adjacent to the formal dining with hardwood floors and trim. A sun room on the back of the home could be an office, reading area or kids play area and leads out onto a nice sized deck. The first floor has a master bedroom with a private full bath and closet. Great for guests or should a parent ever need to move in. Upstairs is another master bedroom with three more good sized bedrooms for the family.
