Perfectly situated on the King's Hill Scenic Byway and nestled in the Lewis and Clark National Forest and Little Belt Mountains is this stunning log home! You will enjoy the privacy and seclusion of a mountain property but with easy access to small town amenities in the city of Monarch. There is an abundance of recreational options in the surrounding area with premier opportunities for hiking, fishing, camping, hunting, snowmobiling, skiing, and many more to choose from! While also boasting custom log and rock uniformity between all 3 dwellings and bordering fence, the amenities this home offers are unparalleled down to the smallest of details and practical luxuries.

Pulling into the property through the automated gate you will find 3 dwellings, each with a form of living quarters and garages. The main home has a drive through garage, custom cabinets/shelving throughout, electric blinds in kitchen and master, some heated floors with thermostats for each section, a massive indoor pool room, and great internet! Breathtaking views can be seen from the expansive deck, kitchen, the entire wall of windows in the master bedroom, master bathroom and most windows of the pool room.

The pool room, deck and back patio are the pinnacles of relaxation and entertainment. The 14x36 ft heated pool has depths down to 8 ft, and has a remote controlled cover with a custom cover box and easy access to the motor. The wet bar has plenty of counter space, shelving, sink, ...
