Live a healthier & quieter lifestyle while saving money in this well maintained home. Built in March 2016, this climate-sealed home uses spray foam insulation to cut down outside noise & increase energy efficiency. The sealed & insulated ducts were cleaned & reduce air leaks, which also increases efficiency & helps lower utility bills. The spacious kitchen with granite countertops & Tahoe Cherry cabinets opens to the Great room & eating area, ideal for entertaining. The sizable secondary bedroom has a walk in closet and the study/den can also be easily convert it into a 3rd bedroom, if you wish. Take advantage of the 55+ retirement community amenities that feature a heated pool & spa, sport courts, game/recreation rooms, fitness center & Greg Nash designed golf course at Mission Royale.
