Walk to the beach!

This beautifully designed Craftsman townhouse is conveniently located and within walking distance to West Beach, the Mesa, and downtown Santa Barbara.

With over 1,600 square feet of living area, three-bedrooms, two full baths plus a guest bath, a finished attic, and a two-car garage, there is plenty of room to enjoy the Santa Barbara lifestyle.

Designed by beloved local architect Gil Garcia and built by Blankenship in 2004, this home boasts an open floor plan with a spacious, light-filled living area; a dining room with a mountain-view veranda, and a beautiful kitchen with a walk-in pantry and lots of storage. The split-level layout creates privacy with the master suite on the main level and two additional bedrooms downstairs. The private backyard patio offers a cozy place to play, garden, or just relax, plus there's direct access from the backyard to the garage.

This condo is part of a two-unit complex and feels much like a house with the front entrance on a cul-de-sac and only one shared wall. An excellent value for this convenient Santa Barbara location.
