This home was completely remodeled in January 2015. From drywall, baseboards, electrical, plumbing, cabinetry, fixtures, and the list goes on. New high end granite counter tops and custom high end cabinetry done throughout ENTIRE home. The cabinets are all slow close and have convenience package. The flooring in home is a very high end tile that actually is mistaken as engineered hardwood flooring. The master bathroom is absolutely stunning with custom steam shower. Inside this 5'x10' enclosure sits a colonial style tub and a shower with 5 heads and 4 separate controls. And don't forget that the home sits on nearly half an acre with private pool, grass and play area, and even a slab off RV gate with clean out access and 50 amp service. This is one not to miss out on.
