This country home-place is the perfect spot to customize to your likes and wants. Some hard work and elbow grease and you can make this house a home.

Or...Past the house through the gate is a cleared spot that could be used to build a home or shop or barn.

The central heat and water heaters are functioning and electric is on. House is on a well and rural water is at the property and runs the outside spigot in front of the carport. AS-IS. Motivated seller to potentially pay up to 3% closing costs with acceptable offer. Cash or conventional loans ONLY!
